

Hyundai Sat Nav update plan.

2017 Data release notes.

The Hyundai Sat Nav Update Plan helps you stay on track with updated maps when you service with Hyundai. We are pleased to announce that we've just enhanced the program for all of our existing customers with factory fitted satellite navigation. The Sat Nav Update Plan has now increased from three years to **five years*** when you service with us. Hyundai Sat Nav Updates are released annually, and with a value of over \$150 each this represents another great Hyundai iCare benefit for our servicing customers. Simply complete a scheduled service at a Hyundai Service Centre to receive a complimentary map update* (only applies to vehicles with factory-fitted satellite navigation).

The HERE Map Database continues to receive major enhancements, with a significant number of changes in this 2017 release. The summary of changes (below) and major road network changes (overleaf) provides an overview of what's changed. You can also contribute to future map enhancements by reporting any of your changes or recommendations via the HERE Map Creator site www.mapcreator.here.com
